SSM Relationships, Sex and Health Education Parent consultation survey questions (2026)

There is already statutory guidance in place for the teaching of RHSE. However, this guidance has been updated and is due to be fully implemented by September 2026. We are in the process of reviewing our policy in advance and are consulting with parents and carers so that the views can be considered before the RHSE units are taught in full.
The results from this survey will help inform the final RHSE and PSHE policy.
This survey will close **at the end of this half term.**
